# Where to go for FirstNet info

The FirstNet network will be a force-multiplier for first responders, giving public safety the 21st-century communication tools it needs to save lives and keep communities and first responders safe. FirstNet will be a reliable, secure broadband network dedicated to public safety. It will be based on commercial standards, offer the benefits of consumer-driven economies of scale, and provide advanced capabilities.

Two sites provide you complete information about this first-of-its-kind initiative:
